

***Cabbagetown Preservation Association
Volunteer Award***

The 2014 *Cabbagetown Preservation Association Volunteer Award* is awarded to Alan Waterhouse.

From serving as a Director and past Chair of the *Cabbagetown Preservation Association* to our guest speaker for tonight's presentation and a driving force behind the Cabbagetown People publication titled *Adversity, Resilience, Prosperity, The Odyssey of A Canadian Inner City Neighbourhood: Cabbagetown 1941-2011*, Alan has been and continues to be an engaged participant in the Cabbagetown community.

Alan has been a solid supporter and booster of the association through his lead on the Heritage Conservation District designation more than a decade ago, his participation on the Board of the Cabbagetown/Regent Park Museum and his continuing role on the Cabbagetown People Program.

Alan is a Professor Emeritus of Urban Planning and Design, University of Toronto. He continues to contribute his professional skills as a member of the Toronto Community Housing Design Review Panel, dealing with such projects as the Regent Park Revitalization and the proposed redevelopment of the Lawrence Heights neighbourhood in the Dufferin and Lawrence Ave. area. Early in his professional life, Alan was also an active participant in the planning of today's successful St. Lawrence Market neighbourhood.

Alan and his wife Sandy have been long time residents in Cabbagetown. This award is also recognition of Sandy's contribution to Cabbagetown as she has shared Alan's considerable time with the neighbourhood.

On behalf of the Cabbagetown Preservation Association, we acknowledge and thank Alan for his many lasting contributions to the Cabbagetown community.
